

COURSE SPECIFICATION

Faculty of Medicine– Mansoura University (Histology related to chest medicine)

(A) Administrative information

(1) Programme offering the course.	Master degree of chest medicine
(2) Department offering the programme.	Chest Medicine Department
(3) Department responsible for teaching the course.	Histology Department
(4) Part of the programme.	First Part
(5) Date of approval by the Department's council	15-3-2016
(6) Date of last approval of programme specification by Faculty council	9-8-2016
(7) Course title.	Histology related to chest medicine
(8) Course code.	1 st part: CHEST 502
(9) Credit hours.	0.5 credit hour
(10) Total teaching hours.	7.5

(B) Professional information

(1) Course Aims:

The broad aims of the course are as follows: (either to be written in items or as a paragraph)

1- To provide knowledge & understanding of the scientific principle of the histology of respiratory system, lymphatic system and blood vessels.

2- To understand the microanatomy and ultra structure of the respiratory system and the regional variation and its significance.

(2) Intended Learning Outcomes (ILOs):

Intended learning outcomes (ILOs); Are four main categories: knowledge & understanding to be gained, intellectual qualities, professional/practical and transferable skills.

On successful completion of the course, the candidate will be able to:

A- Knowledge and Understanding

A1- Explain histology of the bronchial epithelium

A2- Recognize histology of the interstitium

A3- Explain histology of the lymphatic system

A4- Discuss histology of the heart and vessels

B- Intellectual skills

B¹- Integrate the basic histological facts with clinical data.

C- Professional/practical skills

Practical ILOs are not required.

D- Communication & Transferable skills

are not required.

(3) Course content.

Subjects	Lectures Hours
Histology of the bronchial epithelium	2.5
Histology of the interstitium	1.5
Histology of the lymphatic system	1.5
Histology of the heart and vessels	2
Total Teaching Hours	7.5

(4) Teaching methods.

4.1. lectures.

4.2. directed and self directed learning activities.

(5) Assessment methods.

Assessment schedule.

Assessment 1: Written examafter one smster of MSC registration

Assessment 2: Oral exam.....after the written exam.

Assessment 3: MCQ. at the end of the semester (15 weeks)

Assessment 4: Logbook.

Percentage of each assessment to the total mark.

MCQ, 18

Written exam.	72
Structured Oral exam.	60
Total.	150

(6) References of the course.

6.1. Hand books

6.2. Text books

Color text book of histology

Histology a text and atlas

Text book of histology

(7) Facilities and resources mandatory for course completion.

Teaching rooms.

Course coordinator:

Dr. Dina Aboelkhair, Lecturer of chest medicine

Dr. Heba Wagih, Assistant lecturer of chest medicine

Head of the department: Prof. Mohamad khairy

Date: 31-1-2015
