

Seminars and workshops 2020-2022

No	Name	Topics	Date
1.	Prof. Soha Awad	Anti-parasitic Chemotherapy	28/12/2020
2.	Dr. Amira Taman	Malaria vaccines	15/3/2021
3.	Prof. Soha Awad	Approaches to Molecular Parasitology	29/3/2021
4.	Dr. Nairmen Nabih	Toxoplasma vaccines	5/4/2021
5.	Dr. Abeer Elhenawy	The role of extracellular vesicles in parasite-host interaction	11/4/2021
6.	Dr. Nora Ibrahim	Associations between Gut Microbiota and Common Luminal Intestinal Parasites	19/4/2021
7.	Dr. Aliaa Elsayey	The Human Spleen in Malaria	25/5/2021
8.	Dr. Samar Alhusseiny	Helminth vaccines	31/5/2021
9.	Dr. Nora Esam	Giardia Cysteine Proteases	14/6/2021
10.	Dr. Manar Safwat	Neurocysticercosis	28/6/2021
11.	Dr. Marwa Hamouda	COVID-19 and Parasitic Co-infection	12/7/2021
12.	Prof. Salama Abel Magied and Prof. Mohamed Elmalky	Urine and stool examination	17/10/2021
13.	Dr. Suzan Elgendy	Climate Change and the Neglected Tropical Diseases	25/10/2021
14.	Dr. Samar Habib	Helminth Modulation of Lung Inflammation	22/11/2021
15.	Prof. Soha Awad	Advanced examination techniques for urin e& stool examination	29/12/2021
16.	Prof. Soha Awad	Use of Educational Videos in Parasitology	17/1/2022
17.	Dr. Ayat Abdelaziz	Fighting Cancer Using an Oncofetal Glycosaminoglycan-Binding Protein from Malaria Parasites	24/1/2022
18.	Dr. Ahmad Gomaa	Paradoxical Dual Impacts of Chagas Disease in Carcinogenesis	21/2/2022
19.	Dr. Eman Alaa Eldin	Antifibrotic effects of fucoidan compound on experimental hepatic schistosomiasis	5/9/2022
20.	Dr. Rania El Adl	The role of Sodium butyrate as anti-fibrotic in experimental schistosomiasis mansoni	5/9/2022

21.	Dr. Rania El Adl	The role of Sodium butyrate as anti-fibrotic in experimental schistosomiasis mansoni	7/11/2022
